Nothing herein shall be construed as exonerating the owner or operator of any boat or craft from personal liability to the City, or any other person, for any damage or injury caused by such boat or craft.

X. Rule 22.

1. No person under ten years of age may operate a motorboat.

2. Persons at least ten years of age and less than twelve (12) years of age may operate a motorboat only if they are accompanied on the motorboat and under the direct control of a parent or guardian or a person at least eighteen (18) years of age designated by parent or guardian.

C. Liability. Any person violating any other provisions of this chapter shall become liable to the City for the expense, loss or damage occasioned by reason of such violation, and such violation shall be deemed a nuisance subject to injunction. (Prior code § 50.17)

A. Dimensions. No boat or craft shall be permitted on the reservoir that is more than eighteen (18) feet long from bow to stern and no floating or stationary raft or houseboat shall be permitted on Olney Lake.

B. Houseboats--Boats with Toilet Facilities. No boat or craft, commonly known as a houseboat, on which the occupants have sleeping accommodations, or remain for more than a few hours, shall be permitted on the reservoir, and no boat operated on the reservoir shall have toilet facilities. (Prior code § 50.24)

Section 12.24.140 Special events permit--Use of lake.

The City may, at the discretion of Council and upon written application, issue a special permit for boats or crafts for any properly sponsored special event. In the event of a special event, all other boats, with the exception of those granted a special permit, shall not have the use of the reservoir during the special event. (Prior code § 50.27)

All boats operated upon the reservoir must be equipped for safe operation and shall be equipped with oars and paddles. The boat shall be equipped with a sufficient number of an approved type of life jacket or buoyant cushion plainly marked "adult" or "child," as the size of the jacket or cushion indicates, and they shall be in place and available at all times to each passenger in the boat when such boat is being used and operated upon the reservoir. (Prior code § 50.28)

three hundred (300) feet from the dam.

B. Hours of Operation. No person shall operate any mechanically propelled boat except from daylight to dusk.

C. Due Care--Speed. Every operator of a motorboat shall, at all times, navigate the same in a careful and prudent manner, and at such rate of speed as not to endanger the life, limb or property of any person.

No person shall operate any motorboat at a rate of speed greater than will permit him or her, in the exercise of reasonable care, to bring the motorboat to a stop within the assured clear distance ahead.

D. Reckless Navigation. Reckless navigation of a motorboat shall include operating the same in a manner which unnecessarily interferes with the free and proper use of the reservoir, or which unnecessarily endangers other boats therein, or the life and limb of any person.

E. Regatta, other Racing Excepted. Nothing in the provisions of this chapter should be construed to mean that the operator of a motorboat, actually competing in a race or regatta which is sanctioned by the City, shall not attempt to attain high speeds on a marked racing course.

F. Age Limit.

1. No person under ten years of age may operate a motorboat.

2. Persons at least ten years of age and less than twelve (12) years of age may operate a motorboat only if they are accompanied on the motorboat and under the direct control of a parent or guardian, or a person at least eighteen (18) years of age designated by a parent or guardian.

3. Persons at least twelve (12) years of age and less than eighteen (18) years of age may operate a motorboat only if:

a. They are accompanied on the motorboat and under the direct control of a parent or guardian, or a person at least eighteen (18) years of age designated by a parent or guardian; or

b. Such motorboat operator is in possession of a boating safety certificate issued by the Department of Natural Resources, Division of Education, or a valid certificate issued by another state, a province of the Dominion of Canada, the United States Coast Guard Auxiliary or the United States Power Squadron. (Ord. 96-35 § 1; prior code § 50.29)

Section 12.24.170 Passing, crossing and overtaking by boats.

B. Crossing. When boats approach each other obliquely or at right angles, the boat approaching on the right side has the right-of-way.

C. Overtaking. One boat may overtake another on either side but must grant right-of-way to the overtaken boat. (Prior code § 50.30)

Section 12.24.180 Boat traffic lanes.

Rules pertaining to traffic lanes shall be as follows:

A. No person shall so anchor a boat, for fishing or other purposes on the lake, in such a position as to obstruct a passageway ordinarily used by other boats.

B. No person shall operate a boat within a water area which is clearly marked as a boating or swimming area, by buoys or some other distinguishing device. (Prior code § 50.31)

Section 12.24.190 Disturbing the peace while boating.

No boat or craft shall be used or operated, nor shall any horn or sound device be sounded, so as to create a nuisance or to disturb the peace or quiet of any neighborhood. (Prior code § 50.32)

Section 12.24.200 Boats discharging polluting substances.

Persons using or operating any boat or craft on the waters of the reservoir shall do so in such manner as not to create any unsanitary condition in or about said waters, and said persons shall not pollute said

waters by their discharge, in any material amount, of oil or other polluting liquid or by solids tending to make said waters unwholesome, unfit for water supply purposes or injurious to the aquatic life thereof. (Prior code § 50.33)

Section 12.24.210 Abandoned boats--Expense made a lien--Owner's liability.

A. Any boat or craft found abandoned or adrift in the reservoir, or any unlicensed boat or craft thereon, shall be taken up by the City, and the City shall have a lien thereon for all license fees therefor. The expenses of taking, towing, keeping, advertising and selling of the boat or craft, and for all damages caused by such boat or craft to City property, shall be covered by said lien. The City may enforce the lien by advertisement and sale of the craft, in like manner, as chattel mortgages may be foreclosed under the laws of this state.

B. Nothing herein shall be construed as exonerating the owner or operator of any boat or craft from personal liability to the City, or any other person for any damage or injury caused by such boat or craft. (Prior code § 50.34)

Section 12.24.220 Personal watercraft, including jet skis and water scooters.

A. "Personal watercraft" means a vessel that uses an inboard motor powering a water jet pump as its primary source of motor power and that is designed to be operated by a person sitting, standing or kneeling on the vessel, rather than the conventional manner of sitting or standing inside the vessel, and includes vessels that are similar in appearance and operation but are powered by an outboard or propeller-driven motor.

B. No person under sixteen (16) years of age may operate a personal watercraft. Persons at least sixteen (16) years of age and less than eighteen (18) years of age may operate a personal watercraft only if they are accompanied on the personal watercraft and under the direct control of a parent or guardian or a person at least eighteen (18) years of age designated by a parent or guardian, or such personal watercraft operator is in possession of a boating safety certificate issued by the Department of Natural Resources, Division of Education, or a valid certificate issued by another state, a province of the Dominion of Canada, the United States Coast Guard Auxiliary or the United States Power Squadron, authorizing the holder to operate motorboats.

C. No person may operate a personal watercraft unless each person aboard is wearing a Type I, Type II, Type III or Type V personal floatation device approved by the United States Coast Guard.

D. Personal watercraft may not tow skiers or any other type of apparatus or contrivance. (Ord. 96-35 § 2: prior code § 50.35)

Article IV. Docks and Piers

Section 12.24.230 Construction of docks and piers--Permit, fee and inspections.

C. Inspection. All docks and piers shall be subject to inspection at all times. Any owner who has allowed his or her dock to deteriorate into an unsafe condition may have his or her permit revoked and be subject to the penalties listed in Section 12.24.280. Section 12.24.270 Trespassing.

The City owns the land upon which the reservoir is constructed, and it is declared to be the policy of the City that any entrance upon the reservoir or lands owned by the City, without the permission and consent of the City as defined, is declared to be a trespass upon City lands, and as such, a violation of the law of the state of Illinois. (Prior code § 50.47)

Article VI. Violation--Penalty

Section 12.24.280 Violation--Penalty.

A. Whoever violates any provision of this chapter shall be fined not less than seventy-five dollars (\$75.00) nor more than seven hundred fifty dollars (\$750.00). Each day that a condition or act continues shall be considered a separate offense.

B. Except as otherwise provided by law, all fines and penalties recovered or received for the violation of any provision of this chapter or any amendment hereof, shall be paid to the city and be used for the policing, care, supervision, maintenance and improvement of the lakes. Nothing herein shall apply to, or be construed to prevent or penalize anything done, or caused to be

done, by the City in constructing, operating, improving, repairing, maintaining, patrolling, policing, protecting or caring for the reservoir, the aquatic life therein, the shores thereof, the bird and natural life thereon or any part of the waterworks system of said City. (Prior code § 50.61)

Section 12.28.030 Rules and regulations established by Public Property Department.

The Commissioner of Public Property of the City shall have the power to establish general rules and regulations for the administration of this chapter, and such other rules and regulations as may be deemed advisable or necessary to make, in giving full force and effect to carrying out the provisions of this chapter, and may amend and repeal any such rules and regulations. All such permits or licenses may be consecutively numbered.

B. Each custodian of marginal land, and each licensee or holder of any permit from the City herein provided for, shall at all times keep his or her past office address on file with the City, and any provision for written notice to any custodian, licensee or holder of any permit from the City herein provided for shall be deemed to have complied with when the same, in writing, shall have been deposited in the United States registered mail, postage prepaid and properly addressed to such designated address. Article II. Buildings and Sewage

Section 12.28.090 Aquatic habitat enhancement.

A. Permit required. It is unlawful for any person to place, or cause to be placed, any garbage or refuse, as defined in Section 8.16.010 of the City of Olney Municipal Code, on, in, or under the waters of Vernor Lake for the expressed purpose of creating or enhancing aquatic fish habitat without first having obtained a permit from the City Manager.

B. Application for permit. Written application for such permit shall be made on a form approved by the City to the City Manager's office and must include an itemized list of materials that will be placed in the lake, the exact location and water depth where the materials will be placed, and a detailed description of how the materials will be secured. (Ord. 05-3, Sec. 3)

Section 12.28.100 Encroachments--Permit required.

No building or structure or anything erected or constructed on the face thereof, or in any way connected therewith, shall extend into, upon or over any boulevard, road or parkway around the lake, unless a written permit for the same has been granted by the City, based upon a written application setting forth the location and specifications of the encroachment. (Prior code § 50.86)

Section 12.28.110 Sewage.

A. No person shall construct or maintain any private sewage disposal system located within three hundred (300) feet of the shoreline of Vernor Lake at normal pool elevation which does not comply with the Private Sewage Disposal Licensing Act (225 ILCS 225), the Private Sewage Disposal Code as adopted by the Illinois Department of Public Health (77 Ill. No person shall in any part of the drainage area place, throw, discharge or cause to be discharged any sewage, garbage, decayed or fermented fruit or vegetables, offal, dead body, manure, polluted, filthy, decaying, fermenting, putrescible or oily matter or liquid industrial water, oil, saltwater, bituminous substances, lime, refuse, industrial wastes or chemicals, into or so as to reach any natural or artificial watercourse or open or covered sewer, ditch, tile or drain flowing directly or indirectly, continuously or intermittently, into and so as to pollute or tend to pollute the reservoir or other waters from which the City obtains a water supply.

B. No person shall construct in any part of the drainage area, any open or covered sewer, ditch, tile or drain, or make any change therein or connection therewith so as to cause any pollution, or polluted or oily water to flow into or reach more quickly, said reservoir or water supply of the City; nor shall any person in any part of the drainage area construct, or cause to be constructed, or use any toilet, water closet, urinal, sink, cesspool, privy, garage, slaughterhouse, development of a natural resource or other structure, establishment or place, which is so situated that polluted or oily liquids therefrom may continuously or intermittently so flow, as to ultimately reach and pollute, or tend to pollute, the waters of said reservoir or other waters from which the City obtains or may obtain a water supply, unless there is

constructed, maintained and operated such sewage treatment and disposal units and facilities for the treatment or disposal thereof, approved by the City, whereby such polluted or oily liquids are treated, or caused to be treated, so as not to pollute, or tend to pollute, or threaten pollution of the waters of said reservoir or water supply of the City. (Prior code § 50.89)

Section 12.28.140 Interment.

No interment of a human body shall be made near said lake. (Prior code § 50.90)

Section 12.28.150 Livestock and poultry.

Any livestock or poultry found at large in any area adjacent to any lake or reservoir of the City may be taken up by the City and sold to pay the expenses of taking, keeping, advertising and selling such livestock or poultry, and all damage caused to the City or its property by such livestock or poultry. No livestock or poultry shall be kept in any area adjacent to any lake or reservoir of the City, except in such places, and to such limited extent, as may be expressly authorized by the City, nor may livestock or poultry be kept in a manner tending to pollute any part of any lake or reservoir, or tending to be offensive or annoying to any custodian on any marginal land on any lake or reservoir of the City. No animal or poultry shall be allowed to stand, wallow, wade, swim or be washed or watered in any lake or reservoir of the City. No person shall bring, drive or lead any domestic livestock around any lake or reservoir, except in lawful use of the highway or roadway, and except horses and draft animals which are engaged in work or ridden on such portions as may be designated for riding or driving. 1. At the municipal bathing beach;
2. By the respective custodian or custodians of the marginal land, their families and guests, and at or off the shore of the respective tract or tracts of marginal land leased by the City to such custodian or custodians. If the use of the reservoir by the respective custodian or custodians, their families and guests, should in any way tend to create an unsanitary condition in any portion of the reservoir, or tend to create a public or private nuisance in any part of the reservoir, or should be deemed by the City as unusually

hazardous, such respective custodian or custodians, their families and guests may be prohibited from further swimming, bathing or wading in said reservoir, at or off the shore of such tract or tracts of marginal land by a written notice or notices to such custodian or custodians from the city.

B. No person having any communicable disease or skin infection shall swim, bathe or wade in the reservoir.

C. All persons using the reservoir for swimming, bathing or wading purposes shall use the same so as not to create any unsanitary condition in or about the reservoir, and so as not to pollute the waters thereof, or make the waters unwholesome or unfit for water supply purposes, or injurious to the aquatic life thereof.

D. The City shall, at all times, have the power and authority to prohibit swimming, bathing and wading in the waters of the reservoir for the purpose of preventing any pollution of, or other injury to, public health or human life. (Prior code § 50.93)

Section 12.28.180 Moving buildings--Excavations in roads.

A. No person shall move any building on, along or across, or obstruct or excavate in any boulevard, road or parkway around said lake unless a permit, in writing, has been procured from the City, based upon a written application setting forth the dimensions of the building to be moved and its contemplated route or the location or nature and specifications of the proposed excavations or obstructions.

The building mover or person excavating shall deposit with the City a sum of money the City estimates will cover all damages to the roadway, trees, shrubs, grass, lampposts and other property and improvements upon the boulevard, road or parkway, or said person shall file an appropriate bond to guarantee the complete restoration, as requested by the City.

B. After the work has been completed, the boulevard, road, parkway, grass, trees, shrubs, lampposts and other property and improvements shall be immediately restored to their former condition by the permit holder to the City's satisfaction, or by the City, as the City may elect. If restoration is made without expense to the City, and to its satisfaction, the sum deposited shall be refunded. If any of the work is done by the City, it shall certify the actual expense incurred and shall refund to the permit holder the difference, if any, between the amount deposited and the amount so certified by the City. In the event the amount certified by the City should be in excess of said amount deposited, the permit holder shall immediately pay the excess amount to the City. (Prior code § 50.94)
